

We highly recommend PM Pediatrics for your pre-arrival PCR Covid test as it will streamline the process and how camp receives the results.

1. **On May 24th**, please visit [www.pmpediatrics.com/camp](http://www.pmpediatrics.com/camp) (our pre-camp testing partner) to register for a telehealth visit.
2. All campers using PM Pediatrics must have a Telehealth visit with PM Pediatrics prior to their test.
3. **Telehealth visits will be available from June 8th - June 18th.** For families with multiple **children a registration and appointment MUST be made for each person.** Each family will have one video call where the doctor will assess every camper receiving a Covid 19 PCR test. Each child (18 and under) that needs a COVID-19 PCR test must be present with the parent/guardian during the telehealth visit
4. One parent must be present for the telehealth visit.

**PM PEDIATRIC LOCATIONS & TIMES — TUESDAY, JUNE 22ND**

The Covid PCR Nasal swab test will be administered in person by PM Pediatrics at the locations and times listed below. You can schedule an appointment at [www.pmpediatrics.com/camp](http://www.pmpediatrics.com/camp). We have designated time slots exclusively for Watitoh families. If these times are not convenient, you are welcome to schedule an appointment during normal business hours. Please note, Parents insurance will be billed and test results will be shared with camp and parents before the start of camp.
